BOY SCOUT ORGANIZATION PREPARES FOR CAMPAIGN

Final plans for launching the \$25,000 campaign for the Memphis Boy Scout organization were to have been completed at a meeting of Boy Scout officials and business men at Scout headquarters Wednesday afternoon.

The movement was given impetus Tuesday when the Scouts met with members of the Rotary club at the club's luncheon-meeting at Hotel Chiles and the Rotarians pledged their aid in the work.

A number of committees were to have been named at the Wednesday meeting, to each of which will be assigned a block or a business building to canvass.

The funds raised in the campaign will be used to further the work of the Scout organization. A part of the money will go to the improving of the summer camp for boys at Hardy, Ark. Several new Scout troops are to be organized and a number of other activities are to be financed.

Turn Over the New Leaf At Once

—Pay Your November Bills Now

Sooner or later you who now let your accounts drag will become "good pay"; that is, you will settle for your purchases in full regularly every month.

You will attain this condition sooner if you bring yourselves to it voluntarily; if you begin, say in December, by paying your November account in full.

Later-you will be brought to it in spite of yourselves. For in two hundred and three leading Memphis stores your name will be known as "undesirable." You will, in self-defense, be compelled to deal fairly with the people who trust you with their goods.

Your December 1st statement is in your hands. Pay it NOW. Few persons will need to make the slightest sacrifice in order to pay up in full. For most of them it simply means getting into the right frame of mind toward their obligations—the will to do the fair thing by their creditors.

Many a man is going to have his name moved out of the "undesirables" and put among the "goods" this month of December. Be among them; pay up today.

C. OF C. TO WORK FOR EXTENSION OF CITY

The Chamber of Commerce will join other business and civic organizations in Memphis in working for extension of the city limits before the next federal census is taken. It is pointed out that if such extension is made, Memphis will show up to greater advantage in the next census than heretofore. Birmingham, Atlanta and some other cities have very greatly extended their area within the past few years and such extension has been the biggest factor in their increase in population.

The chamber has appointed the following committee to represent the organization: C. A. Price, chairman; E. R. King, R. L. Mallory, Stuart Nall and W. W. Fisher.

WILSON PARDONS TWO.

WASHINGTON, Dec. 4. (Sp.)—Two army officers named by Charles E. Hughes in his report on the aircraft investigation as having been guilty of transacting business with private concerns in which they were financially interested, have been pardoned by President Wilson.
